

Effects of voids on RTM carbon composites

PhD student: Sanjay Sisodia

Duration: Full time, tentative end gate 2015

Funding: N/A

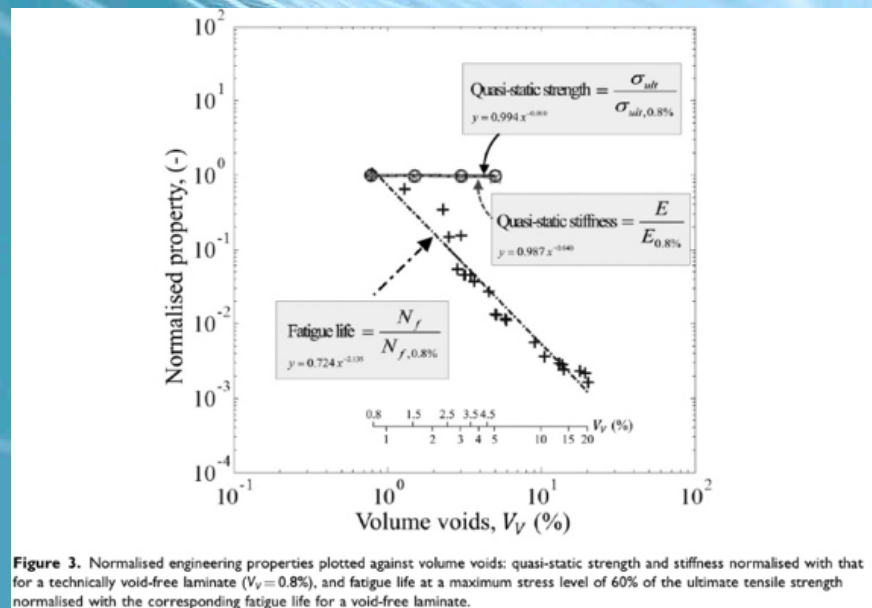

Advisor: Prof Dr Kristofer Gamstedt

Research Scope:

- Identification/quantification of voids
- Influence of voids on mechanical properties

E.g. see Figure 3

(doi: 10.1177/0021998314541993)
